This financial report covers the Consolidated Entity consisting of RafflesCo Limited and its controlled entities.

RafflesCo Limited is a company limited by shares, incorporated and domiciled in Australia.

REVIEW OF OPERATIONS

December 2019

RafflesCo Limited (**RafflesCo**) is an investment company established in 2014, with an investment portfolio comprising shareholdings in various ASX listed companies and unlisted public companies. RafflesCo investment portfolio includes:

RafflesCo owns 100% of Hudson Marketing Pty Ltd (**HMPL**). HMPL is an Australian owned manufacturer and marketer of attapulgite based absorbent products for consumer, industrial, mining & automotive, agricultural, horticulture and oil purification applications. Attapulgite clay is an industrial mineral or clay belonging to the Fuller's Earth group.

HMPL operates a processing plant in Geraldton, Western Australia and supplies its products throughout Australia, New Zealand and the South East Asia Region. HMPL's processing facility in Geraldton is strategically positioned close to raw material source and the port of Geraldton.

HMPL owns and distributes all-natural cat litter brands such as Chandler® Original, Chandler® Soft and Fussy Cat® to leading supermarkets, pet stores and catteries.

It also owns and distributes spill absorbent, SpillFIXER® for industrial, mining and automotive use and customises specialty industrial products and solutions for applications which include:

- High-performance filtration media for jet fuel refining (Jetfix) and oil clarification, and
- Carriers for crop nutrients and crop protectant products (Agrifix)

Processed Attapulgite

RafflesCo is a substantial shareholder in Hudson Investment Group Ltd (**ASX: HGL**), an ASX-listed industrial and commercial property company which is focused on continually developing its property portfolio. HGL currently owns the following properties:

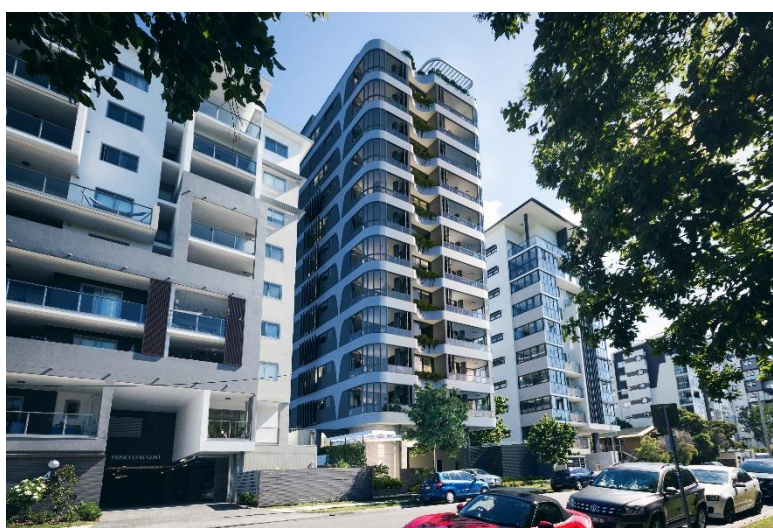

- 171-175 Sparks Road, Halloran, New South Wales
- 59 Mountain Road, Halloran, New South Wales
(both collectively the **Warnervale Properties**);
- 47 Brookes Street, Bowen Hills, Queensland
- 41-43 Brookes Street, Bowen Hills Queensland; and
- 30% interest in 43 Regent Street, Woolloongabba, Queensland

Location of Warnervale Properties

Bowen Hills Artist Impression – Conceptual Commercial Design

Regent Street Development Approved Project Design

RafflesCo. has a shareholding in Hudson Pacific Group Limited (**HPG**). **HPG**'s principal assets are:

- Carpark located at 131 Macquarie Street
- Hudson House Naming Rights
- Investment in listed & unlisted companies

Hudson Car Park

The Hudson Car Park is located at 131 Macquarie Street Sydney and is held in trust for the benefit of HPG. The Car Park is leased to Secure Parking Pty Ltd. It has 111 parking spaces, with potential to increase this to 150 spaces.

Hudson House Naming Rights

Hudson Pacific Group Ltd owns the strata for the building naming rights for Hudson House and also the Hudson rooftop signage at head office at 131 Macquarie Street, Sydney, NSW. It includes ground floor signboard and rooftop signage space within the 17 storey commercial building known as 'Hudson House'.

Hudson Resources Limited (**HRS**) is an Australian public company formerly listed on the Australian Securities Exchange. Hudson Resources specialises in investments in mining assets and tenements. HRS currently owns and operates the Lake Nerramyne Attapulgit, Badgingarra and Dongarra Diatomite mine sites. HRS currently holds the following mining leases:

- M70/128 - Attapulgit
- M70/606 - Attapulgit
- M70/389 - Attapulgit
- M70/483 - Attapulgit
- M70/129 – Diatomite
- M70/361 - Diatomite
- M70/38 - Diatomite
- M70/842 - Diatomite

Officers

Henry Kinstlinger

Joint Company Secretary

Experience and expertise

Henry Kinstlinger has, for the past thirty years, been actively involved in the financial and corporate management of a number of public companies and non-governmental organisations. He is currently the Company Secretary of Australian Bauxite Limited and Frontier Capital Group Limited and Joint Company Secretary of Hudson Investment Group Limited. He is a corporate consultant with broad experience in investor and community relations and corporate and statutory compliance.

Mona Esapournoori

Joint Company Secretary – Appointed 12 January 2018

Experience and expertise

Mona Esapournoori holds a Bachelor of Law from University of Western Sydney. She is admitted as a solicitor with the Law Society of New South Wales.

Likely developments

Information on likely developments in the operations of the Group, known at the date of this report has been covered generally within the report. In the opinion of the Directors providing further information would prejudice the interests of the Group.

RISK MANAGEMENT

The Board is responsible for ensuring that risks, and also opportunities, are identified on a timely basis and that activities are aligned with the risks and opportunities identified by the Board.

The Company believes that it is crucial for all Board members to be a part of this process, and as such the Board has not established a separate risk management committee.

The Board has a number of mechanisms in place to ensure that management's objectives and activities are aligned with the risks identified by the Board. These include the following:

- Board approval of a strategic plan, which encompasses strategy statements designed to meet stakeholders' needs and manage business risk.
- Implementation of Board approved operating plans and budgets and Board monitoring of progress against these budgets.

Significant changes in nature of activities

Please refer to the Review of Operations section of this report for detail.

Matters Subsequent to Balance Date.

Other than the matters stated in this report, no matter or circumstance has arisen since 31 December 2019 that has significantly affected, or may significantly affect:

- the consolidated entity's operations in future financial years, or
- the results of those operations in future financial years, or
- the consolidated entity's state of affairs in future financial years.

Loans to Directors and Key Management Personnel

There is no loan to director and key management personnel as at the reporting date.

There were no other loans made to Directors or Specified Executives of the Company and the Group during the period commencing at the beginning of the financial year and up to the date of this report.

Directors' interests

Particulars of Interest in the Issued Capital of the Company's Ordinary Shares and Options at the date of signing the Directors' Report are:

Directors	Shares Direct Holding	Shares Indirect Holding	Options	Nature of Interest
Vincent Tan	-	17,032,192	-	Director of other companies
Luisa Tan	-	-	-	
John Farey	8,000	3,599,108	-	

Please refer note 16 for details.

Shares under option

There are no unissued ordinary shares of the Company under option at the date of this report.

No option holder has any right under the options to participate in any other share issue of the Company or any other entity.

Proceedings on behalf of the company

No person has applied to the Court under section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the company, or to intervene in any proceedings to which the company is a party, for the purpose of taking responsibility on behalf of the company for all or part of those proceedings.

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the *Corporations Act 2001*.

Indemnification and insurance of Directors

The company has not, during or since the financial year, in respect of any person who is or has been an officer of the company or related entity:

- indemnified or made any relevant agreement for indemnifying against a liability incurred as an officer, including costs and expenses in successfully defending legal proceedings; or
- paid or agree to pay a premium in respect of a contract insuring against a liability incurred as an officer for the costs or expenses to defend legal proceedings.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 12.

Non-audit services

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Group are important.

Details of the amounts paid or payable to the auditor for audit and non-audit services provided during the year are set out below.

The Board of Directors has considered the position and, in accordance with advice received from the audit committee, is satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

- All non-audit services have been reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor.
- None of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants*.

During the year the following fees were paid or payable for services provided by the auditor of the parent entity, its related practices and non-related audit firms:

	Consolidated	
	2019	2018
	\$	\$
Audit services:		
Amounts paid or payable to auditors for audit and review of the financial report for the entity or any entity in the Group		
Audit services	14,310	13,625
Taxation and other advisory services:		
Amounts paid or payable to auditors for non-audit taxation and advisory services for the entity or any entity in the Group		
Taxation	3,200	3,045
Advisory Services	-	-
	17,510	16,670

Auditor

K.S. Black & Co continues in office in accordance with Section 357 of the *Corporations Act 2001*.

This Director's Report, incorporating the remuneration report, is signed in accordance with a resolution of the Board of Directors.

Lead Auditors' Independence Declaration under Section 307C of the Corporations Act 2001

To the Members of RafflesCo Limited

I declare that, to the best of my knowledge and belief, during the year ended 31 December 2019 there has been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

The entities are in respect of RafflesCo Limited and the entities it controlled during the period.

NOTES TO THE FINANCIAL STATEMENTS

For the Year Ended 31 December 2019

1. CORPORATE INFORMATION

The consolidated financial statements and notes of RafflesCo Limited (the **Company**) for the year ended 31 December 2019 was authorised for issue in accordance with a resolution of the Directors and covers the Company as an individual entity as well as the Consolidated Entity consisting of the Company and its subsidiaries as required by the *Corporations Act 2001*.

The consolidated financial statements and notes is presented in Australian currency.

The Company is a company limited by shares incorporated and domiciled in Australia.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation

This general-purpose financial report has been prepared in accordance with Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncement of the Australian Accountancy Standards Board and the *Corporations Act 2001*.

Statement of compliance

Australian Accounting Standards ('**AASBs**') include Australian equivalents to International Financial Reporting Standards (**AIFRS**). Compliance with AIFRS ensures that the financial report of RafflesCo Limited complies with International Financial Reporting Standards.

Critical accounting estimates and assumptions

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the entity and that are believed to be reasonable under the circumstances.

Details of critical accounting estimates and assumptions about the future made by management at reporting date are set out below:

- Impairment of assets

The Company assess impairment at each reporting date by evaluating conditions specific to the Group that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Calculations performed in assessing recoverable amounts incorporate a number of key estimates.

Critical judgements

Management has made the following judgements when applying the Group's accounting policies:

- Recognition of deferred tax assets

In line with the Group's accounting policy (Note 2f) and as disclosed in Note 6, deferred tax assets have not been recognised.

- Measurement of financial assets

If there is an active market for financial assets they have been fair valued in line with market prices, if not they are carried at cost.

Going Concern

This financial report has been prepared on a going concern basis, which contemplates the continuity of business activities and the realisation of assets and payments of liabilities in the normal course of business.

The directors believe the Company will be able to pay its debts as and when they fall due and to fund near term anticipated activities.

Historical cost convention

These financial statements have been prepared under the historical cost convention except for where noted in these accounting policies.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

b. Principles of consolidation

Subsidiaries

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of RafflesCo Limited ("the parent entity") as at reporting date and the results of all subsidiaries for the year then ended. The Company and its subsidiaries together are referred to in this financial report as the Group.

Subsidiaries are all those entities over which the Group has the power to govern the financial and operating policies, generally accompanying a shareholding of more than one-half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the Group.

Intercompany transactions, balances and unrealised gains on transactions between Consolidated Entity companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Minority interests in the results and equity of subsidiaries are shown separately in the consolidated Statement of Profit or Loss and Other Comprehensive Income and Consolidated Statement of Financial Position respectively.

Investments in subsidiaries are accounted for at cost in the individual financial statements of RafflesCo Limited.

Investments in Associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entity but is not control or joint control of those policies. Investments in associates are accounted for in the consolidated financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost (including transaction costs) and adjusted thereafter for the post-acquisition change in the Group's share of net assets of the associate. In addition, the Group's share of the profit or loss of the associate is included in the Group's profit or loss.

The carrying amount of the investment includes, when applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Group's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

Profits and losses resulting from transactions between the Group and the associate are eliminated to the extent of the Group's interest in the associate.

When the Group's share of losses in an associate equals or exceeds its interest in the associate, the Group discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Group will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

c. Segment reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different to those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment and is subject to risks and returns that are different from those of segments operating in other economic environments. Reporting to management by segments is on this basis.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

d. Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Australian dollars, which is RafflesCo Limited's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit or Loss and Other Comprehensive Income.

(iii) Group companies

The results and financial position of all the Group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each Statement of Financial Position presented are translated at the closing rate at the date of that Statement of Financial Position;
- income and expenses for each Statement of Profit or Loss and Other Comprehensive Income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised as a separate component of equity. On consolidation, exchange differences arising from the translation of any net investment in foreign entities, and of borrowings and other currency instruments designated as hedges of such investments, are taken to shareholders' equity. When a foreign operation is sold or borrowings repaid a proportionate share of such exchange differences are recognised in the Statement of Profit or Loss and Other Comprehensive Income as part of the gain or loss on sale where applicable.

e. Revenue recognition

Revenue is recognised at the fair value of consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances and duties and taxes paid. The following specific recognition criteria must also be met before revenue is recognised:

Sale of Goods

Revenue from sale of goods is recognised when the significant risks and rewards of ownership have passed to the buyer and can be reliably measured. Risks and rewards are considered passed to buyer when goods have been delivered to the customer.

Interest

Interest revenue is recognised as it accrues taking into account the effective yield on the financial asset.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

f. Income tax

The income tax expense or revenue for the period is the tax payable on the current period's taxable income based on the income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates which are enacted or substantively enacted. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability. An exception is made for certain temporary differences arising from the initial recognition of an asset or a liability. No deferred tax asset or liability is recognised in relation to these temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

The Company and its wholly owned entities are part of a tax-consolidated group under Australian Taxation law. RafflesCo Limited is the head entity in the tax-consolidated group. Tax expense/income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax-consolidated group are recognised in the separate financial statements of the members of the tax-consolidated group using the 'separate taxpayer within group' approach.

Current tax liabilities and assets and deferred tax assets arising from unused tax losses and tax credits of the members of the tax-consolidated group are recognised by the Company (as head entity in the tax-consolidated group).

The amounts receivable/payable under tax funding arrangements are due upon notification by the entity which is issued soon after the end of each financial year. Interim funding notices may also be issued by the head entity to its wholly owned subsidiaries. These amounts are recognised as current inter-company receivables or payables.

g. Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Consolidated Statement of Financial Position.

Cash flows are included in Consolidated Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

h. Cash and cash equivalents

For the purposes of the Consolidated Statement of Cash Flows, cash includes cash on hand and in at call deposits with banks or financial institutions, investment in money market instruments maturing within less than 6 months, net of bank overdrafts.

i. Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are due for settlement no more than 60 days from the date of recognition.

Collectibility of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful receivables is established when there is objective evidence that entities in the Group will not be able to collect all amounts due according to the original terms of receivables.

j. Impairment of assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each reporting period.

k. Financial instruments

Recognition and initial measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the company commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Finance instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- (a) the amount at which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments;
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and
- (d) less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

The Group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of accounting standards specifically applicable to financial instruments.

(i) *Financial assets at fair value through profit or loss*

Financial assets are classified at 'fair value through profit or loss' when they are either held for trading for the purpose of short-term profit taking, derivatives not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

Loans and receivables are included in current assets, except for those which are not expected to mature within 12 months after reporting date. (All other loans and receivables are classified as non-current assets.)

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Group's intention to hold these investments to maturity. They are subsequently measured at amortised cost.

Held-to-maturity investments are included in non-current assets, except for those which are expected to mature within 12 months after reporting date. (All other investments are classified as current assets.) If during the period the Group sold or reclassified more than an insignificant amount of the held-to-maturity investments before maturity, the entire held-to-maturity investments category would be tainted and reclassified as available-for-sale.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments. Available-for-sale financial assets are included in non-current assets, except for those which are expected to be disposed of within 12 months after reporting date. (All other financial assets are classified as current assets.)

(v) *Financial Liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At the end of each reporting period, the Group assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the consolidated statement of Profit or Loss and Other Comprehensive Income.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued*Derecognition*

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

I. Fair value estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets is based on quoted market prices at the Consolidated Statement of Financial Position date. The quoted market price used for financial assets held by entities in the Consolidated Entity is the current bid price; the appropriate quoted market price for financial liabilities is the current ask price.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. Entities in the Consolidated Entity use a variety of methods and make assumptions that are based on market conditions existing at each balance date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to entities in the Consolidated Entity for similar financial instruments.

Fair Value Measurement

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, and based on the lowest level input that is significant to the fair value measurements as a whole:

Level 1 – Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities.

Level 2 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is directly observable).

Level 3 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is unobservable).

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

m. Property, plant and equipment

Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Consolidated Entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit or Loss and other Comprehensive Income during the financial period in which they are incurred.

Depreciation on assets is calculated using the straight line method, over their estimated useful lives, as follows:

- Plant and equipment 5 – 15 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each Statement of Financial Position date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Consolidated Statement of Profit or Loss and other Comprehensive Income.

n. Leases

Company as lessee

Leases of property, plant and equipment where the Group has substantially all the risks and rewards of ownership are classified as finance leases and capitalised at inception of the lease at the fair value of the leased property, or if lower, at the present value of the minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to the Consolidated Statement of Profit or Loss and Other Comprehensive Income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Capitalised leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

Leases where the lessor retains substantially all the risks and rewards of ownership of the net asset are classified as operating leases. Payments made under operating leases (net of incentives received from the lessor) are charged to the Consolidated Statement of Profit or Loss and Other Comprehensive Income on a straight-line basis over the period of the lease.

Company as lessor

Lease income from operating leases is recognised in the Consolidated Statement of Profit or Loss and Other Comprehensive Income on a straight-line basis over the lease term. Initial direct costs incurred in negotiating operating leases are added to the carrying value of the leased asset and recognised as an expense over the lease term on the same bases as the lease income.

o. Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

p. Borrowings

All loans and borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Consolidated Statement of Profit or Loss and other Comprehensive Income over the period of the loans and borrowings using the effective interest method.

2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES continued

q. Employee benefits

Wages and Salaries, and Annual Leave

Liabilities for wages and salaries, including non-monetary benefits and annual leave expected to be settled within one year of Statement of Financial Position date are recognised in other liabilities in respect of employees' services rendered up to Statement of Financial Position date and are measured at amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating personal sick leave are recognised when leave is taken and measured at the actual rates paid or payable.

Long Service Leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date.

r. Contributed equity

Ordinary shares are classified as equity. Costs directly attributable to the issue of new shares or options are shown as a deduction from the equity proceeds, net of any income tax benefit.

s. Share-based payments

Ownership-based remuneration is provided to employees via an employee share option plan. Share-based compensation is recognised as an expense in respect of the services received, measured on a fair value basis.

The fair value of the options at grant date is independently determined using a Black Scholes option pricing model that takes into account the exercise price, the term of the option, the vesting and performance criteria, the impact of dilution, the non-tradeable nature of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk-free interest rate for the term of the option.

The fair value of the options granted excludes the impact of any non-market vesting conditions (for example, profitability and sales growth targets). Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. At each Statement of Financial Position date, the Group revises its estimate of the number of options that are expected to become exercisable. The employee benefit expense recognised each period takes into account the most recent estimate.

Upon the exercise of options, the balance of the share-based payments reserve relating to those options is transferred to share capital.

t. Earnings per share (EPS)

Basic EPS is calculated as net profit attributable to members, adjusted to exclude costs of servicing equity (other than dividends), divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted EPS is calculated as net profit attributable to members, adjusted for costs of servicing equity (other than dividends), the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

u. New accounting standards for application

The AASB has issued new and amended accounting standards and interpretations that have mandatory application dates for future reporting periods. The Group has decided against early adoption of these standards. There are no material adjustments from these standards and interpretations.

3. FINANCIAL RISK MANAGEMENT

a. General objectives, policies and processes

In common with all other businesses, the Group is exposed to risks that arise from its use of financial instruments. This note describes the Group's objectives, policies and processes for managing those risks and the methods used to measure them. Further quantitative information in respect of these risks is presented throughout these financial statements.

There have been no substantive changes in the Group's exposure to financial instrument risks, its objectives, policies and processes for managing those risks or the methods used to measure them from previous periods unless otherwise stated in this note.

The Board has overall responsibility for the determination of the Group's risk management objectives and policies and, whilst retaining ultimate responsibility for them, it has delegated the authority for designing and operating processes that ensure the effective implementation of the objectives and policies to the Group's finance function. The Groups' risk management policies and objectives are therefore designed to minimise the potential impacts of these risks on the results of the Group where such impacts may be material.

The Board receives reports from the Chief Financial Officer through which it reviews the effectiveness of the processes put in place and the appropriateness of the objectives and policies it sets. The Group's finance function is to also review the risk management policies and processes and report their findings to the Audit Committee.

The overall objective of the Board is to set policies that seek to reduce risk as far as possible without unduly affecting the Group's competitiveness and flexibility. Further details regarding these policies are set out below.

	Consolidated

Financial liabilities	151,304	139,750
	7,710,230	6,613,527

b. Credit risk

Credit risk is the risk that the other party to a financial instrument will fail to discharge their obligation resulting in the Group incurring a financial loss. This usually occurs when debtors or counterparties to derivative contracts fail to settle their obligations owing to the Group excluding the available for sale financial assets.

The maximum exposure to credit risk at balance date is the carrying amount of the financial assets, as summarised under note (a) above.

The maximum exposure to credit risk at balance date, all located in Australia, as summarised under note (a) above.

3. FINANCIAL RISK MANAGEMENT continued

c. Liquidity risk

Liquidity risk is the risk that the Group may encounter difficulties raising funds to meet commitments associated with financial instruments that is, borrowing repayments. Bank loans and payable are details below. It is the policy of the Board of Directors that treasury reviews and maintains adequate committed credit facilities. The company manages liquidity risk by monitoring forecast cash flow and maturity profiles of financial assets and liabilities to ensure adequate liquid funds are maintained.

3. FINANCIAL RISK MANAGEMENT continued

d. Market risk

Market risk arises from the use of interest bearing, tradable and foreign currency financial instruments. It is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates (interest rate risk), foreign exchange rates (currency risk) or other market factors (other price risk).

(i) Interest rate risk

The Group does not apply hedge accounting.

The Group is constantly monitoring its exposure to trends and fluctuations in interest rates in order to manage interest rate risk.

The consolidated entity's exposure to market interest rates relates primarily to the consolidated entity's short term deposits held.

Sensitivity Analysis

The following tables demonstrate the sensitivity to a reasonably possible changes in interest rates, with all other variables held constant, of the Group's profit after tax (through the impact on floating rate borrowings). There is no impact on the Group's equity.

	Carry Amount AUD \$	+1% of AUD Interest Rate \$	-1% of AUD Interest Rate \$
Consolidated			
2019			
Cash equivalents	13,779	138	(138)
Tax charge of 27.5%	-	(38)	38
After tax increase/(decrease)	13,779	100	(100)
2018

Tax charge of 27.5%	-	(126)	126
After tax increase/(decrease)	45,799	332	(332)

(ii) Currency risk

The consolidated entity and parent entity were not exposed to foreign currency risk.

(iii) Other price risk

The Group takes advice from professional advisers as to when to sell shares quoted at market value.

	Carrying amount \$	+10% Profit & Loss \$	-10% Profit & Loss \$
Consolidated			
2019			
Shares in other entities at fair value	10,452,042	1,045,204	(1,045,204)
Tax charge (27.5%)	-	(287,431)	287,431
After tax increase/(decrease)	10,452,042	757,773	(757,773)
2018			
Shares in other entities at fair value	8,860,513	886,051	(886,501)
Tax charge (27.5%)	-	(243,664)	243,664
After tax increase/(decrease)	8,860,513	642,387	(642,387)

3. FINANCIAL RISK MANAGEMENT continued

e. Capital risk Management

In managing its capital, the Group's primary objectives are to pay dividends and maintain liquidity. These objectives dictate any adjustments to capital structure. Rather than set policies, advice is taken from professional advisors as to how to achieve these objectives. There has been no change in either these objectives, or what is considered capital in the year.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets.

Consistently with others in the industry, the Group and the parent entity monitor capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings (including 'Financial liabilities' and 'trade and other payables' as shown in the Consolidated Statement of Financial Position) less cash and cash equivalents. Total capital is calculated as 'equity' as shown in the Consolidated Statement of Financial Position (including minority interest) plus net debt.

It is the Group's policy to maintain its gearing ratio at a healthy and manageable level. The Group's gearing ratio at the Statement of Financial Position date is nil (2018: nil)

There have been no other significant changes to the Group's capital management objectives, policies and processes in the year nor has there been any change in what the Group considers to be its capital.

4. REVENUE

	Consolidated	
	2019	2018
	\$	\$

Interest risk exposure

The Group's and the parent entity's exposure to interest rate risk is discussed in Note 3.

8. TRADE AND OTHER RECEIVABLES

	Consolidated	
	2019	2018
	\$	\$
Current		
Receivable - trade	636,625	754,442
Receivable – GST	(18,367)	(22,287)
Others	4,315	4,315
Provision for doubtful debt	(20,000)	(20,000)
	602,573	716,470
Non-Current		
Advances to controlled entities	-	-
	-	-

Further information relating to advances to controlled entities is set out in note 24.

a. Impaired receivables and receivables past due

None of the current or non-current receivables are impaired or past due but not impaired.

b. Other receivables*Receivables - GST*

These amounts relating to receivables/(payable) for GST paid/collected.

Advances to controlled entities

The advances are non-interest bearing, no securities and with no fixed term of repayment.

c. Interest rate risk

Information about the Group's and the parent entity's exposure to interest rate risk in relation to trade and other receivables is provided in Note 3.

8. TRADE AND OTHER RECEIVABLES continued**d. Fair value and credit risk***Current trade and other receivables*

Due to the short term nature of these receivables their carrying amount is assumed to approximate their fair value.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivables mentioned above.

Non-current trade and other receivables

The fair values and carrying values of non-current receivables are as follows:

	2019		2018	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	\$	\$	\$	\$
Consolidated				
Advances to other parties	-	-	-	-

The fair value is approximately equivalent to the carrying value.

e. Bad and doubtful debts

There is no bad and doubtful receivables written down or written off during the year ended 31 December 2019. A provision for doubtful debt of \$20,000 (2018: \$20,000) was made as at reporting date.

9. FINANCIAL ASSETS

Non-current		
Advance from related entities	6,766,908	5,579,489
	6,766,908	5,579,489

Please refer to note 24 for details.

13. FINANCIAL LIABILITIES

	Consolidated	
	2019	2018
	\$	\$
Current		
Secured		
Lease and hire purchase liabilities	108,289	178,980
Bank loans and overdrafts	268,440	355,013
Total current	376,729	533,993
Non-Current		
Secured		
Lease and hire purchase liabilities	151,304	139,750
Total non-current	151,304	139,750

Security for borrowings

Bank loan is secured by fixed and floating charges over assets of the Group, and by cross guarantees by and in between the parent entity and certain of its controlled entities.

Lease and hire purchase liabilities are effectively secured as the rights to the asset revert to the lessor in the event of default.

The loans are repayable in years ranging from 2020 to 2022. The rate of interest paid is a variable rate ranging from 5.70% to 5.99%. The facilities are subject to an annual review.

Assets pledged as security

The carrying value of non-current assets pledged as security are:

	Consolidated	
	2019	2018
	\$	\$
Plant and equipment – net of depreciation	1,538,603	1,567,200
	1,538,603	1,567,200

The fair value of borrowings is equivalent to the carrying amounts of loans and lease and hire purchase liabilities.

Risk exposure

Information about the Group's exposure to interest rate changes is provided in Note 3.

14. PROVISION

	Consolidated

The controlled entity, Hudson Marketing Pty Ltd, borrowed one interest bearing secured advance from Hudson Property Trust \$732,944 (2018: \$112,202).

Advance to / advance from controlled entities are non-interest bearing, no securities and no fixed term on repayment.

25. SEGMENT NOTE

The Consolidated entity primary reporting format is business segments and its secondary reporting format is geographical segments.

Business segments

The Consolidated entity is organised into the following divisions by product and service type.

Investment services

Equity investment in listed and unlisted entities.

Marketing and processing of minerals

Processing and distribution of attapulgite, (also known as Fuller's Earth) which is an industrial clay material used in the domestic and industrial absorbent, industrial oil refining, agricultural and horticultural industries. In addition, it is involved in the exploration and development of attapulgite mining leases.

Geographical segments

All business segments operate principally within Australia.

Accounting policies

Segment revenues and expenses are those directly attributable to the segments and include any joint revenue and expenses where a reasonable basis of allocation exists. Segment assets include all assets used by a segment and consist principally of cash, receivables, inventories, intangibles and property, plant and equipment, net of allowances and accumulated depreciation and amortisation. While most assets can be directly attributed to individual segments, the carrying amount of certain assets used jointly by two or more segments is allocated to segments on a reasonable basis. Segment liabilities consist principally of payables, employee benefits, accrued expenses, provisions and borrowings.

DIRECTORS' DECLARATION

The Directors of the Company declare that:

1. The financial statements, comprising the Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Financial Position, Consolidated Statement of Cash Flow, Consolidated Statement of Changes In Equity, accompanying notes, are in accordance with the *Corporation Act 2001* and:
 - comply with Accounting Standards, which, as stated in accounting policy Note 2 to the financial statements, constitutes compliance with International Financial Reporting Standards (IFRS); and
 - give a true and fair view of the financial position as at 31 December 2019 and of the performance for the year ended on that date of the company and the Consolidated Entity.
2. In the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
3. The Directors have been given the declarations by the Chief Executive Officer and Chief Financial Officer of the corporation required by Section 295A of the *Corporations Act 2001*.
4. This declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the Directors by:

INDEPENDENT AUDITOR'S REPORT

To the Members of RafflesCo Limited

Opinion

We have audited the financial report of RafflesCo Limited (the company and its subsidiaries (the Group)), which comprises the consolidated statement of financial position as at 31 December 2019, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- i) giving a true and fair view of the Group's financial position as at 31 December 2019 and of its financial performance for the year then ended; and
- ii) complying with Australian Accounting Standards and *the Corporations Regulations 2001*.

Basis of opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial report' section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The Covid-19 Pandemic announced by the world health organisation post 31 January 2020 is having a negative impact on world stock markets, currencies and business activities. The Group has initiated strict policies and procedures to address the health and well being of employees, consultants and contractors. The timing and extent of the impact and recovery from Covid-19 is not yet known however these events may have a post balance sheet date impact.

Other information

The directors are responsible for the other information. The other information comprises the information in the Group's annual report for the year ended 31 December 2019, but does not include the financial report and the auditor's report thereon.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information we are required to report that fact. We have nothing to report in this regard.

Directors' responsibility for the financial report

The directors are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the presentation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibility for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.
